

## Entry Terminal

ASPark Entry station is designed to be used as a part of ASPark system to record date and time that vehicle enters a car park. It issues tickets to arriving visitors printed with barcode containing date and time of issuing and serial number. When tickets is taken the entry barrier is open.

Entry terminal is fitted with 7" full color display and ticket request button, optionally with proximity reader for contract visitors and inter-com unit. Tickets are only dispensed when a vehicle is present on the loop.

Entry station can work separately or as a part of
